3 Magick Spells For Money

Rose of Jericho Money Spell

On a New Moon day, place a desiccated Rose of Jericho (a desert plant found in many areas of the world including Mexico) in collected rain water (or spring water). Slowly watch it unfold while visualizing your outcome and offering prayers, chanting and rituals. A rose of Jericho may take a while to blossom.

Sometimes it may open overnight and at other times, depending on the age, the weather conditions when it was harvested, etc., it may take a few days to a week. Once the flower has bloomed, your financial crisis will be resolved soon.

Remove the Rose of Jericho from the water on Full Moon day and dry it out. Use the Rose of Jericho water for magickal purposes.

You can reuse the rose again to repeat this ritual whenever you have financial problems.

Lucky Seven-Eleven Fortune Spell

For this spell, you will need a green or black candle in the shape of a cat.

Dress the candle with money-drawing oil and sprinkle the candle with gold, green or red glitter. If you need a fixed amount of money, write the number on a piece of paper and slip it under the candle.

Burn the candle for seven minutes the first day and for eleven minutes the next day. Repeat this regimen for as long as you need to get the money. If the candle burns down completely and you have not received the amount you had visualized, something needs to be changed in your intentions before you can repeat the spell with a new candle.

Chinese Magick Treasure Ship Spell

Many of us get tired waiting for our "ship to come in", meaning that we get frustrated when we constantly have money problems. So let us work on a spell that will slowly nudge our ship to come faster into our port (life).

You may appeal to and offer this spell to the spirits of the Sea such as Kwan Yin, Mazu, Aphrodite, Lord Agwe, La Sirene and also Poseidon.

First you need to shop around for an old model of a boat or ship. Now collect gold colored coins, glass gems, sparkling beads, crystals, pearls and whatever you would imagine a treasure chest to be. Remember, all you need is stuff that looks like the real thing.

You may find what you need at thrift stores and second-hand shops. Also add some real pennies and other coins to the collection.

Place a table at the entrance to your home and cover it with a blue table cloth or tissue paper. This blue color represents the sea. Now place the boat/ship so that the boat is coming in to the home (you).

Now load the ship with the items you have collected.

Burn candles and money drawing incense daily while visualizing the prosperity that is sailing into your life. You may make money-drawing oil to dress the candles by mixing essential oil of chamomile, essential oil of Texas cedar wood and essential oil of vetiver to jojoba oil.

If possible, add a Rider-Waite three of wands Tarot card onto the boat symbolizing the ship of good fortune arriving at the port. Add more coins as necessary until your wishes are manifested.

Brightest Blessings.
