Trusted Places For Love Spells

Talk about finding the proverbial needle in a haystack!? Finding sites on the internet that offer Free Love Spells AND adhere to the Wiccan Rede is as difficult. Most of the sites offer both White Magick and Black Magick Spells, which strictly speaking, makes these sites Grey Sites and best avoided. In addition, many of the sites will offer a single, generic and (in my humble opinion) a fairly weak free love spell as a lure and then propose to sell 'fantastic' love spells, charms, kits and Amulets for astronomical amounts to their unsuspecting, vulnerable visitors.

These are the greatest obstacles faced when trying to get good, clean and sensible free love spells on the internet.

So, what is a good, clean and sensible love spell? We have to view the question in the context of ethical spell casting in general. When casting a spell, no harm may be caused to anybody or anything. This means that the spell may not interfere with anybody's free will in any way and that the outcome may not hurt anybody along the way (directly or indirectly).

Love spells (like money spells) are tricky and have to be well thought through before casting. Bring so-and-so back to me or make so-and-so break up with so-and-so or cause so-and-so to fall in love with me, are all outside the ambit of White Magick. Doing spells like these are often harshly referred to as spiritual rape and not allowed at all by either the Rede or the White Witch Community.

It is however okay to cast a spell to encourage an existing love-relationship to strengthen, to draw the right lover into your life or to heal a heart broken. These spells are White Magick.

There are fortunately some sites – albeit few – that offer free love spells in “Perfect Love and Perfect Trust” with a good measure of “An’ it Harm none, do what ye will” added to the mix. These are the sites I will be reviewing.

Site 1

<http://bestwiccanspells.tripod.com>

‘My Wiccan Spells’ is a site dedicated to Spells. All these spells were written by a Witch called Juniper, who started the site because of the frustration she experienced looking for spells on the Web.

It is a no fuss, no frills site. She covers a variety of different spells ranging from wealth spells to love spells. The love spell section in particular is extensive and offers approximately 25 love spells across the full spectrum of love and relationships:

1. Phone call spell
 2. Attraction spell
 3. To Reverse love
 4. To release unwanted love
 5. To heal a broken heart
 6. Marriage Proposal
 7. Dream spell
 8. A Love Spell
 9. Romance Spell
 10. To have ex-lover leave you alone
 11. Undo a love spell
 12. Make love stronger
- And so forth.

This site had the largest amount of spells of the four sites I reviewed. Juniper also offers correspondences, days for Magick and moon phases. A comprehensive spell site, well worth visiting.

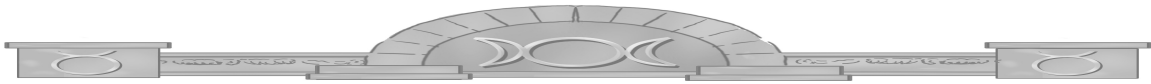

Site 2

<http://www.religions-and-spiritualities-guide.com>

Religions and Spiritualities Guide is a female focused site which covers the entire spectrum of spirituality ranging from Christianity to Witchcraft. It is really difficult to navigate to the free love spell section, as it appears under the ‘Blogs’ heading on the side menu. So here is the link to make it easier for you: <http://www.religions-and-spiritualities-guide.com/spells-loves.html>.

What I liked about this particular site, is that Lila explains what the rules and consequences are of casting spells, defines what a spell is, how to cast a spell, when to cast a spell and which spells to use for love. These include:

1. Attracting the right Lover
2. Retrieve your Lover Spell
3. The Unconditional Love Spell
4. Reconciliation Spell

Lila also offers links to her Candle- and Herb Magick for love sections on this page. A positive and informative site – well worth book marking.

Site 3

<http://www.catanna.com/lovespells.htm>

Called the "Meditative Cat", this is a positive, playful and fun site which will appeal to the young, the young at heart and cat lovers alike. Catanna, whose site this is, dedicated an entire section of 'Meditative Cat' to Love spells. She covers the lore of Valentine's Day, offers some love advice and provides a couple of really good spells.

The spells cover:

1. Attracting the perfect lover
2. Beauty Spell (of course that is necessary)
3. Spell to prepare for a love meeting
4. Charms to ease the pain of divorce / breaking up.

Catanna offers correspondences, chants, ingredients and everything necessary to cast an effective spell. Take the time to pop in at this delightful and charming site.

Site 4

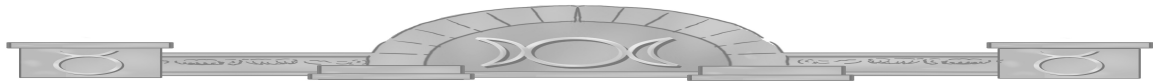

<http://www.witchs-brew.org>

'Witch's Brew' is an old favorite of mine. It is an extensive Wicca resource site which contains everything 'witchy' and wonderful. The love Magick section offers a variety of gypsy Magick spells from Raymond Buckland's collection.

These include:

1. Good Riddance!
2. How to Attract a Lover
3. Key to the Heart
4. The Love Pendulum
5. Red for Love
6. The Revealing Peel
7. To Bring Out the Love of Another
8. To Draw a Lover to You
9. To Make Yourself Known to Another
10. To Rid Yourself of an Unwanted Lover
11. River of Dreams

- 12. Unlucky Days
- 13. Wedding Day

What is particularly great about Witch's Brew, is that you can communicate with Lady Morgan in the chat room about spell work and anything else you may want to know before casting your spell. So, if you are intrigued by all things Gypsy and need some help in the Love Department, then these are the right spells for you.
