Five free love spells that really work

Love Pills Spell

If you wish to see your true love in a dream, this is the spell you need to do.

Dry grind one hazelnut, one nutmeg and one walnut together. Cream some butter and sugar and add to the powder. Divine the mixture into nine tiny balls and then form them into "pills". Every night for the next nine days, take one pill and go to sleep. Keep your journal next to the bed so that you can write down your dreams as soon as you are awake.

Queens and Kings of Love Spell

This spell will also help you to dream about your true love. For this spell, you will need a deck of cards. If you wish to find a man, remove all four playing cards that feature the King. This will include the King of Spades, the King of Clubs, the king of Diamond and the king of Hearts. Similarly, if you wish to find a woman, remove the four cards that feature the Queen.

Place the four cards that you removed from the deck under your pillow. At night, keep a journal nearby so that you can write down what you see or hear.

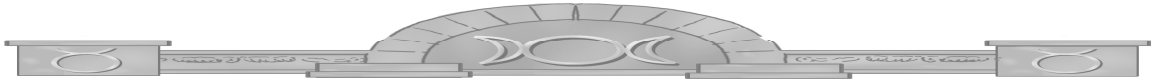

New Love Spell

This spell is performed at the time of the new moon because it helps to draw new love into your life.

To do this spell, you will need one Adam root and one Eve root. (Gay people can choose accordingly). Also get some "Come to Me Lover" oil. You can make your own

"Come to Me Lover" oil by blending essential oils or absolute versions of jasmine, rose, petit grain, gardenia and tuberose. Get a large mirror and at the new moon, place the roots on either side of the mirror. Every night, dress the roots with the "Come to me lover" oil

and move them closer to each other. They should be touching when the full moon arrives. Lodestones or figure candles may also be used instead of Adam and Eve roots.

Coral Ring Spell

This spell attracts love. To do this spell, get some coral beads and a gold candle. Place the gold candle in the center and surround it with the coral beads. Surround this ring with another circle of small red or pink candles.

Visualize your desire intensely while you light the candle in the center followed by the smaller red or pink candles.

Fairy Knot Spell

The Romany people believed that fairies sometimes made knots in the branches of willow trees. The knots in willow trees bring love if you keep them under your pillow while you sleep.

For a much more intense spell, dress the knot with "Come to me Lover" oil. If you can get a strand of hair from your lover, make a braid with some strands of your hair and some strands from your lover's hair. Tie this knot to the fairy knot with red yarn or thread and place it inside a red silk conjure bag to attract love.
